## Martha P Brincklow

MAY 17, 1915 - JAN 14, 2011

See St. Pete Times tribute article at:  
<http://www.tampabay.com/news/obituaries/martha-brincklow-introduced-students-to-worlds-finest-art/1146209> For custom Martha Brincklow slide show link to: <http://gallery.me.com/zekedurica/100060> Brincklow, Martha Powell, 95, longtime Dunedin resident and dedicated educator, passed away at Brookside Hospice on January 14 after a short illness. She was born in Scobey, Montana on May 17, 1915, to Richard Nathan Powell and Eunice Helen Ripple Powell. Following several years in Kansas, in 1925 her family moved to Tampa, FL in the "boon" years. Mrs. Brincklow earned a Bachelor of Science degree from University of Tampa in 1939 and a Master of Arts degree from Florida State University in the late 60's. Her 74 year teaching career began in 1937 at Seminole Elementary School in Tampa where she taught art and music, traversed schools in Stoneham, MA and Dunedin FL most notably Dunedin Junior and Senior High Schools, and ended at the close of semester in December, 2011 where she taught one of the signature online art history courses she designed for St. Petersburg College (SPC). She taught every grade and level of student from kindergarten to college over the course of her career. In addition to her work as an instructor, she was the founder and Coordinator of the SPC International Study Programs, planning and implementing programs that coordinated college courses with travel. She escorted SPC students and many others for study in Europe for thirty years. This experience brought first hand observation that enhanced her work as an instructor in the fields of art and the humanities. Her philosophy in working with students was to treat each one as an individual. She taught the student NOT the content. She believed each student is a unique individual that she must get to know so that she could select the best way of teaching that person. It was her goal to introduce art enthusiastically. She wanted every student to enjoy the creative nature of mankind and to note that the artist's values are reflected in his or her work,

## Obituary

**Martha P Brincklow**

MAY 17, 1915 - JAN 14, 2011

and reflected the world's values at a certain time period. She believed the study of art includes much more than the recognition of visual images; understanding the language of the artist as he uses the elements (Line, Color, Space) to produce the ideas he wants to present. In 1985 she was awarded the Pinellas County Teacher of the Year for exemplary teaching. She was a member of Delta Kappa Gamma honor sorority for women educators with whom she forged a lifetime of friendships. With Sue Byars, Nancy Norton and Edith Dicus, Mrs. Brincklow was a co-founder of the Junior Service League of Dunedin which ultimately folded into the Junior League of Clearwater - Dunedin. Among other affiliations, she was among the first faculty of the Dunedin Fine Art Center and served as one of its earliest Board Presidents. For those she embraced, she expressed unconditional love and support. Her indomitable spirit is undeniable and lives on in each and every person she touched. She will be sorely missed by her family, friends and students, in the US and Europe. Pre-deceased by her parents, husband, S. Ralph Brincklow, and siblings, Maurine Powell Hattaway and Dr. Richard Powell, she is survived by her son Richard Brincklow (Kimberly), her daughter Elizabeth Brincklow (Zeke Durica), grandchildren Kristina Brincklow (Tracy Goar), Rose Tipitino (Nick Leibee), Joshua Brincklow and Nathan Brincklow, four great-grandchildren, Caitlyn, Lexi and Lana Goar of LaVergne TN and Josie Leibee of Deland FL, nieces Susan Hurley of Concord MA, Mary Ann Sparks (Steve) of Antioch, TN, Nancy Miller (Patrick), of Oakland, CA, Olivia Powell and Rachel Powell, both of Tallahassee, FL and nephews Jackson Brincklow of Woburn MA, Bruce Brincklow of Land O Lakes FL, Richard Hattaway (Barbara) of Salisbury NC, Win Powell of Lake Panasoffkee, Bruce Powell (Faith) of Marietta, GA, Bill Powell of Oklahoma City, OK, and a loving extended family. The family would like to thank her assistants Jaimee Drake (US), Patricia Hill (FR), and Sevim Klein (TR) for their loving and outstanding work. Donations may be made to Dunedin Fine Art Center for student scholarships.

**Jon Palmer Claridge** posted:

Mrs. B opened our eyes to beauty in the world and the many wonders waiting for us outside of Dunedin. She's one of the reasons that I chose a career in the arts--which took me all over the western world and provided 40 years of incomparable thrills. I've just retired back to Dunedin and when I packed up my house after 25 years in Washington, DC, I passed on my copy of Arts and Ideas to an aspiring artist. That was the humanities book she used to help ignite a passion for the arts in untold scores of students. To paraphrase Stephen Sondheim, "She taught us how to see." And that is an enduring legacy.

**Leigh Hand-Degenhardt** posted:

I was a study hall aide for one of Mrs Brincklow's humanities classes in High School and was touched in many ways through her teachings and gentle nudges. She introduced me to the arts through her love of music, paintings and history. I carried her teachings overseas with my then husband as we traveled throughout many contries of Europe in 1970-71. I would regale him with anecdotes about classes and how she inspired me to learn on my own. I don't hear any piece of classical music or see a picture by one of the Masters or see a picture of a Greek temple that I don't think of her. If I feel that way I know each person that was blessed to have her as a friend, teacher or Mother was equally blessed by her blessed life. My condolences to the family. She will be missed so much. Leigh Hand Degenhardt Graduating Class of 1968.

**Mark Panuthos** posted:

I have a print of a painting by Paolo Ucello (The Battle of San Romano, de la Tolentino unseats Bernardino della ciardo) which hangs in the Uffizi Museum in Florence. There are three panels to this painting - one hangs in the British Museum of Art, and the other in the Musee de Lourve. Had it not been for Mrs. Brincklow, I would never have seen these amazing paintings, nor would I ever have been to any of those museums. Mrs Brincklow opened my eyes to the world of art and the humanities. I went with Mrs Brincklow as an advisor on the June and July Arts programs for 5 summers and, though I've been to college, it was only after my trips to Europe with the June Arts program that I feel truly educated. My 6 year-old daughter is fascinated by the print that I have of the Battle of San Romano. She asks me questions about it frequently, and what I know about it and what I am able to explain about it, I owe to Mrs Brincklow. I am very fortunate to have known Mrs Brincklow and I hope that I can be half the teacher that she was.

One of the most gifted teachers I ever knew. There are still pieces of music or art that I recognize and know about because of Mrs. Brincklow. My college Art & Music Appreciation classes were a real letdown after Dunedin High.

January 20 at 8:00 PM

**Frank Pfof** posted:

Mrs. Brincklow was one of those very important people whom we are hopefully fortunate enough to meet in life. She had a influence on me certainly as a young student at Dunedin High School in 1963-1966 in her Humanities class, but it wasn't until I was much older before I could comprehend how extensive and how valuable her teaching and influence would be in my life. Time and later experiences and other memories can sometimes displace my mental record of the time I spent with her in class and on trips to the Pappas restaurant in Tarpon Springs or to the Ringling museum in Sarasota, but every time I visit museums in France, Spain, Italy, or anywhere else in Europe and Russia, and every time I read, write, or teach about language, literature, art, or history, I remember it is her influence which originally sparked these continuing efforts in my life. She is truly an example of the selfless love of a teacher and the meaning of life. May God bless and comfort her family with the assurance of a life well lived. Mrs. Brincklow was so influential in molding my love of art, music and humanties. She was my inspiration for teaching my children the wonder of art. Her high school humanties class, taught in the chorus room with no books but lots of enthusiasm was the best of the best. I thank her family for sharing her with the rest of us.God Bless.

Condolences to the extended family on this great loss. Through her teaching, Mrs. Brincklow introduced me to many topics and skills that I have used throughout my life. She was a superb teacher and role model. Cheryl Olmstead Hausafus (DHS Class of '64)

I had Mrs. Brincklow for Humanities at Dunedin High at a time of her life when many others would be eagerly contemplating retirement. I moved away and later found out - but was not surprised - that she continued to contribute in all kinds of ways to her community for many many years. Saw her at Christmas time two years ago and she still looked fabulous and elegant with a keen mind just as always.

Farewell Sweet Leady and Dear Friend and thank you for the profound influence you've had on my life. I will always treasure the many memories we've shared through the years and the laughs we had during your last birthday party as we reminisced about a certain neighbor of the past armed with a rolling pin. May God bless you for the many lives you have touched and I look forward to seeing you again. With love, Alan Donnelly (DHS Class of '76)
