Art Felix posted:

George and I were colleagues at Harvard University during his postdoctoral period (1965-1966) there. We became good friends and shared many good times together. George was a talented research scientist and teacher. He maintained a keen sense of humor throughout his entire life and will be missed by all that had the good fortune to interact with him. As George used to say - "cheers"! Art Felix (afelix@ramapo.edu)
