Dawn, I just wanted to say I miss you and loved you so much. If we only had a few more months together, you would have been my wife. I still feel your warmth as I did, while lying beside you tn those last days in the hospital. We both picked each other in 1996,we always joked from then on, it was meant to be. Ups be downs and downs be ups, I was so blessed to have you back in my arms in the end. I have been lonely since you left, and I don't believe that will change until we meet again. I wish my bypass surgery would have taken me away,back to your arms again. I realize you aren't reading this, I just really needed to talk to you again,in a different way than I do daily. You were right..... I'll never find another you! Until we meet again, My love and life always, your soulmate.Rex

I loved Dawn so much....she knew it. She came over to me at the Watering Trough and we became instant friends....I visited her endlessly and we went out to the Trough, consignment shopping, out to eat, or just hanging out watching TV. My one and only friend is gone and I don't even know what to say. I had hoped against hope she would come home; not in pain, but whatever she could just to come home. I love you Dawn and I will always be here for your family; should they need me. I hope I see you again one day - I truly do! My life will never be the same.

I knew Dawn from work primarily. That smile in the above photo was similar to the one she always had on her face for those she met, like myself, in her daily life. You'd never know something was wrong. She was a lovable woman who cared about life and those close to her. I hope her family realizes how cared about she was ... and that the Angels in Heaven personally met her ... I just know this is true. Peace and happiness Dawn.
