My husband, Don, worked with Bob at Sims Crane Service for many years. He was well respected and everyone loved his humor. We went skiing with Bob and Marilyn for years before we moved to TN. We did nothing but laugh, joked around and eat. Those slopes were not the same after we were there! Those trips were a highlight in our lives. . Bob came to our home in TN a few years ago and it was just like old times. Think of him and Marilyn so often. What great friends. He will be missed so much. So glad he and Marilyn will now be together, they loved each other so much. Don and Patty Welch

Bob was a real sports person! When he hit the softball you could hear him grunt , his goal was always to get it out of the park every hit! Jim and I were thinking of him the other night during the all star game. His kindness was ginormous! We needed he gave and he would never let you give back! He had a big smile and a big heart and now he is at peace with Marilyn in Heaven . And we will miss him so much! Jim and Cindy Brittin.

Although I only knew Uncle Bobby for 13 years, and only seen him a handful of times it felt like I have known him my whole life. He was a great man, fun, loving and caring and not a mean bone in his body, he always made you feel welcomed when you were around him. The stories that my wife Tiffany shared with me about him how awesome he was could not have been more true. I will miss playing cards with you and our talks that we would have and my only regret that I have is that I never got to play golf with you. Thank you for welcoming me into your family and all the fun times we shared. To Roxanne, and Granny Flo, I am soo sorry for your loss and just know that I am here to help in any way you need it. What an AWESOME person Bobby was! Remember hanging with him and Marilyn at their home in Clearwater off Highland. He had a GREAT sense of humor. One of my greatest memories was after a softball game we were eating at a pizza place on Bay Drive, don't remember the name of the restaurant and he went to all the tables and loosened the pepper shaker lid. Sorry but that was hilarious and the gleam in his eyes while doing it was priceless. Loved you Bobby!

My memories of "BobCat" will never fade. We golfed together often and even won a tournament because of Bob' talents. He was so awesome to be around and he loved life. My condolences to his family - I feel blessed to have known Bob. I smile in peaceful confidence hoping that I will see "BobCat" again someday.

Uncle bobby was definitely unlike anyone I've ever met & very much stood out in the family in only positive ways. One of the only 2 men who have been in my life since I was born. Only positive vibes ever came from him & was beyond funny with the majority of his actions. I remember all the magic tricks he would teach me as a child. Very modest man with one of the biggest hearts.

Bob was our neighbor and took care of everybody on our street. He was the first to help out in times of trouble. We have all missed him terribly since he moved from Maple Forest Drive. He loved our terrier, Happy, and would circle us on his bicycle when we would go out for our evening walk. He made sure we got home safely. He was a wonderful friend, a devout Christian and a kind and caring person. I am glad he is at peace and no longer suffering. Amelia Carey

I worked with Bob way back when at Sim's Crane Service. I remember on slow day's we would all shoot pool, play cards or foos (?) ball. Then there were a few of us that had a chance to go to work for Florida Power & we took it. As for as i know we all retired from Fla. Power. Bob was a very good operator & a good friend. I will miss him very much. Rest in peace my friend.👍

Bob and I were great friends for many years. We both came from the same small town in Ohio. I can remember him as a very strong competitor in our little league football program as a 5/6th grader. A few years after I relocated to the area, Bob shows up here playing softball which I also was involved in. Soon I was playing against him. Later, he and I were sharing the same dug-out. There was nothing better, than to have played with some one as he. You are going to be missed. PS Save me a place in your line-up. Bless you, Neil Keller
