And now here's a story Shirley told me. As most of you know she was not only a good cook but a very creative cook. She put a lot of time, energy, & creativity in her meals. So one day she was presenting all of her children a beautiful meal, it was yummy & full of different colors. One of the children said "Mom, can you just make a burger with fries just once"? I'm not mentioning any names but they know who they are! lol

Another memory that comes to mind is something our Mother told us about my Sister Shirley. One of our neighbors last name was Heno (don't know spelling of it). The Heno family were very good friends of ours & Mother said Shirley liked them so much she took their last name! So, when Shirley was very young a friend of ours asked her name. She said Shirley Evlyn Anderson Heno!! I can still hear our Mother telling that story & I still laugh at it!!!

My sister Shirley and I were always laughing together especially when she would put on a wig and pretend act. I moved in with her and her family and cared the children after school. She was always a very hard worker and people would come into the restaurant to sit at her table. She knew them all by name and what they liked the most. She was loved by many. Shirley, I will always love you and miss your smile.

Dena, I only met your mom once, when I came down to spend the weekend with you and Danny (so many years ago). She was very kind to me. The really important thing is that she raised, two of my very best friends, as fun loving and extremely caring individuals. I am so sorry for your loss and know that I am there with you in spirit, if not in body. I love you Dena WilliamsDebbie Bishop
