I have known Melanie since the mid 90's. She was the house supervisor when I worked ER, often as a relief charge nurse. She came to our rescue so many times when we couldn't get beds to move our patients to the floors. Melanie always put nursing 1st and was a true advocate for the profession. She was a friend to everyone, even when she was under so much pressure. Truly she will be so very missed. I just saw here last month, we always chatted and got caught up on each others lives. I'm just so very sad to learn of her passing. RIP my friend Melanie.
