Donnie you are ONE OF A KIND. From the 1st time I met you I knew I had a different kind of person to deal with. Thank You for always being so kind to me and a gentleman. I will always remember all the times when I was working at the Admin Building I would come over to the house and have lunch with you. Boy did we have some good laughs and smoke. Then I do not believe Mary was so mad at you because you were still smoking regular cigarettes. But later on boy did she get you. Not only did she take away your regular ones she made you smoke fake ones! I know you loved that. When ever I came to visit you would always try and get me to give you a real one. I did a few times but was afraid I would get caught too!! Thank you for all the laughs and you. You have made such an impact on so many people. I bet when you walked thru those gates they needed no one else from that day forward. Peace and love to you my friend you are in Gods hands now. Watch your language!!Love
