I also had the honor and pleasure of working with Jean during my years at Pinellas County Communications. From day one she welcomed me to the "family" with open arms. During our time together we shared many smiles, laughs & chats -- her favorite topic was always her family. She was soooo proud of each and every one of you. Please know that you were extremely loved. My sincere condolences to the entire Loveland family during this difficult time. May you find peace & comfort in fond memories.

Jean was a blessing for us to work with at Pinellas County Communications. She was always concerned about fellow workers, whether it be business or personal issues she always wanted the best for us and was helpful with her advice. She was instrumental in starting a holiday program in our department where we would assist families in need at Christmas time. Attached are a few photos from our years of doing that, a caring gesture that warmed our hearts. Condolences to her family and all who loved her, please cherish your happy memories. Jean greeted me the day I came for an interview for a position with PC Communications and she treated me like I was special. We ended up spending many hours together, in the office and in the commissioners' chambers. Debra mentioned the families we would adopt at holiday time, and we all got such joy from that project. She organized it and wrapped the presents and delivered them. She shared her family with her work family: her Mom, who would come in and sit with us, and of course her dedicated husband, Skip. He made all of us jealous with the way he spoiled her, bringing her lunches every day, sending flowers and just making her feel like gold. Skip, her face always lit up when she talked about you. She talked about all of you, her children and grandchildren, and loved every one of you. Truth be told, she never stopped talking about you! I know you will miss her, but remember that love stays with you and she will never leave your hearts. My family's prayers that your memories will bring you comfort are with you all.- Mary Burrell
