So many times I would go over to Mary's and Mr. Harry (jug head's) house. She was the greatest lady and always sat down with us and discussed old times . We talked about William and the girls but mainly we just had some fun. I must have borrowed about every tool Juggy had but one I remember real well. I borrowed a bug sprayed from him and he had borrowed from Al Repetto. I lost it and I was embarrassed for doing so I call Juggy and he said no problem it was Al's. Mary got on the phone and said just go get one and she would take it back to Al. I did and Al told her that he gave it to Juggy he had several but he would be happy to give her another one if he would get a new to replace it. I sure loved those times what a great family. Rest in peace Mary you did an excellent job on this earth and will be missed by us all. Tom Loughridge

Our family have known the Taylors, Hancocks, and Carters for ages; and I have lost count how many times of rounding up the livestock... being a Pinellas Pioneer is such a close-knit - one-big-family! ((((((((((Hugs and Prayers))))))))))Sharon
