To the entire Fiorentino Family, my condolences to all of you. I was blessed in my life to have worked at his dad and moms grocery store in the 60's and 70's they gave me true values and experience in life and I am a successful business man because of them, I regret dearly not keeping in touch with them and for no good reason at all, I am ashamed of myself for that because they were a great and Wonderful family and I wouldn't have achieved anything if it weren't for them. I remember going to the world trade center with Billy in 1974 to apply for civil service and then going to a great steak house called the Cattleman and he made me feel like I was important. Just one of my many wonderful memories of Billy. May he rest in peace.
