So sorry for my long-time friend. Greg and I started hanging out in our teens. We had quit a few adventures. The one that stands out the most is when we would play tennis just about every day. We even named our self After the pro's at that time. Think it was Maconroe and Brog. Greg was a good friend. So sorry for your loss.

Greg started out as just another foreman I would work for however turned into being a great friend on top of being a great boss. When he decided to retire from I.D.O.T I was happy yet sad , I'm very happy he was able to enjoy being retired and doing the things he really wanted to do before leaving us. I know in my heart he has gone on to spend eternity with our heavenly father. I will miss his text or calls and his teasing of wonderful the Florida weather is. Greg I'll miss you but I will see you again. Love you buddy

I met Greg at Fitworkz in Dekalb. He was a bit shy during our small group classes when we first met. He worked so hard to improve his health. I really enjoyed the days we had group classes together. Last time he was in Illinois he stopped to say hi! It was so great to see him. He was so happy and loving life in Florida. It's sad I won't be able to see him in Florida. I am blessed to have known him.

I remember my big brother as a little kid we were 8 years apart but nonetheless he always did look out for me lots of play time and I remember we said these wonderful games of hide and go seek he was always helpful when it came time for teaching me how to ride a bike of course along with my parents watching over but Greg took an extra enthusiasm and I always loved that about him he was very funny and very sweet I will take me to school and wait to pick me up at the end of school make sure I got home ok.He was there for my high school graduation and was probably one of the loudest people in the stands that were cheering me on I loved that part of him. He'd always offered to help me out if I ever asked him for any help he was a really great big brother and I looked up to him always.Watching him become a father was really terrific he was such a great dad he loved being a father he loved being a husband he loved taking care of his family and mowing his lawn he loved outdoor sports he loved golfing barbecues all sorts of great stuff especially playing cards.Once he retired out in beautiful Florida all he did was have his muscle cars go out and join up with people and have fun at the movies and at the shows at a lot of concerts and just enjoy being out there and having his retirement near the beach and meeting up and having some friends and family.His life was cut too short he's going to be seriously missed by us his kids his grandkids and anyone that he ever touched in his life he's a wonderful brilliant soft-hearted big teddy bear and he's just going to be super duper missed and I can't wait to see him again when we're reunited when it's my time to cross the bridge to heaven love you Geggy love you love you miss you miss you miss you love you ❤️❤️
