I knew Mike during the best part of our lives, the great teenage years! He was full of life and other things, but a good person all around. No matter the circumstances he would give u a ride in the camaro, he may have complained a little but he would do it anyway. Same way with a smoke. Did not see him after that, I hope his life was everything it could be! You will be missed Mike, thank you for the time you spent in mine. Jeff

We were only good friends for about a year in Kingston New York when you lived here growing up and although I was saddened that your family moved to Florida when we were 18 we kept in contact all these years literally until the day before you passed away. I'm gonna miss you so much buddy...
