Danielle & Bobby (Rob), My brother Stefan told me if the sad news of your Father's passing. I extend my deepest condolences to You and your Families. I will never forget the car pools we had to Levendia once a week. The car became a music party at times. Springsteen and Bon Jovi among other greats blasting through the speakers and us singing at the top of our lungs. I always thought it was the coolest thing. May your Father Rest In Peace now in the comfort of The Lord, the Angels and all his Loved Ones who came before him. All my love, Nicole xx

Danielle and Robert, my sincere sympathy and condolences on your father's passing. Bob and I, though only a year apart spent more time together in family gatherings and listening to music in our youth than in all the years since leaving university. The world is a vast place and our interests took us in different directions. We talked a few times over the years but those moments were rare and sadly it's at times like this that one reflects on opportunities missed. May God comfort you and may the sadness ease and the gratitude offer up smiles and even joy as you reflect on the memories and quality times shared together. Rest in God's eternal peace Bob as you once again join Allen and your Mom and Dad around the table. \_\_Rick Cicetti

Danielle, Mary, and family, please except my sincere condolences on the loss of your father or "Pop Pop" as he was called in our house. I will remember him as a very smart, dapper, and competitive man that enjoyed eating, watching the fights, playing golf, and watching our children's sports. I always enjoyed hosting him as we created a lot of fond memories together as a family. He was always very quick to tell me how proud he was of you Danielle and that he approved of how we were raising the boys. It was very comforting. My thoughts and prayers are with all of you at this time.

I had many fond memories of Bob. One that stands out most of all is the day he turned me on to The Cars. He made a mix of their greatest hits and gave me a tape, which I played until it wore out. Thank goodness for CDs shortly after. When they moved down, they moved into the apartment complex my family lived in. There I met my lifelong best friend Bobby (Rob). I thank you from the bottom of my heart Bob for making the move with your family to FL. I'm sorry we didn't get to golf. Maybe in the next life. You will be truly missed. May God welcome you with his loving arms. God bless.
