Dear William, Steve, and families, I was deeply saddened to hear of the passing of your beloved Mother but very thankful I had been able to visit with her for a while last November. She was a sweetheart, and I always enjoyed my visits with her. In this most trying of times, may you find some solace in knowing her pain is finally gone and she has been reunited in that better place with your Father. And grieve as you will, please find comfort in the thought that "blessed are they who mourn for they have known love, the most precious emotion in the human experience. Frank Petree
