Bev, I will miss your Christmas letters and phone calls, hope you well in your next journey. Death makes angels of us all & gives us wings where we had shoulders smooth as raven's claws No more money, no more fancy dress This other Kingdom seems by far the best until it's other jaw reveals incest & loose obedience to a vegetable law I will not go Prefer a Feast of Friends To the Giant Family

I find it hard to believe that a woman who dedicated 30 years of her life cannot get 1 person to write something about her A teacher is a special calling by a special person And amazing as that may seem that's the path of Beverly's life
