I haven't seen Joe since high school but we went to school together grades 1-12. We were active friends for most of that but kind of drifted apart around age 15 for no good reason, each trying to find our way. Memories persist 40 years later of him as a very nice, sensitive, and loyal guy. I ran across some old 7-8th grade photos recently that include Joe and other guys in our class. Very sadly and unexpectedly, this week Joe joined at least two others in these pictures who have passed. My prayers of peace for his grieving family and friends. -George

Joe was not only a co-worker but a dear friend. Everyone that knew him loved him. The absolute most kind person I think I've ever met. Heaven didn't receive a new Angel, it took one from us. My heart goes out to Eric. I pray you find comfort in knowing how loved Joe was to everyone that knew him. He will be dearly missed.

I only had the privilege of working with Joe for a short time, but I feel blessed to have had that time. The very first day I worked with him, I was so moved by how his kindness and personality came through even in an email, that I picked up the phone and called him to let him know how amazing that was! I loved every interaction I had with Joe. He was so uplifting, and he was that way every single time you called or emailed. He was a gift and his memory will continue to inspire me every day. I had only met Joe once at a happy hour Eric was able to put together and he left a long lasting impression on me when not many people do. Very laid back soft spoken and easy going person was the feeling I got. He gave you his undivided attention without any prejudice or judgement. They made a great pair. My deepest condolences goes out to his entire family. He called for a good one that will be greatly missed by many I`m sure.
