I am going to miss you my friend. Merry has always gotten me out of my shell. She would dance, laugh, make jokes and make everything more fun. She didn't hold back. She was always sharing everything she had with others and always thinking of others. Everytime I hear the song Shake it off I will always think of you. Thank you for being such a good friend and loving on my kids we all miss you and will always cherish every memory of the time spent together.
