We all loved Paula and it's hard to imagine that she isn't sitting here with us with her hands crossed against her chest Or rolling her eyes at something being said. She was also one to give a quick laugh and had a good sense of humor. She reminded me of her mother Pauline with her stubbornness and the way she held herself. I don't know how much she got away with as a child, But being the baby in the family, I imagine she got away with everything. I remember when she moved to Florida. She moved in with Dad, Me and Angie in a tiny house in Brandon. Josh was about three years old. Soon after she moved to clearwater and we didn't see much of them except for on special occasions. Found out Paula had a really chill side in my twenties when she Won a trip to the bahamas. All we had to do was scrounge together the airfare from Orlando and the 2 of us went for a long weekend. Unfortunately, we did have to sit through one of those horrible time. Share presentations, We were both broke, So it was really easy to say no. But we did enjoy the weekend lounging on the beach and reading More books than I can count. Paula loved to read and she always had a romance novel tucked somewhere. Paula loved Josh and being a single Mom, I think she did an amazing job raising him to become the wonderful husband and father he is today. When Josh fell for Cecily, I think she fell too for Cesily made her a grandmother to 3 awesome boys, Josh, Ezra, and Micah. She loved those boys more than anyone and was always taking them places, having them stay overnight and even driving back to Ohio when they moved just to watch them play basketball or football games in High school. After she became a grandma, she had the big family for all the love she had to give even down to her Great Granddaughter Sevi Lynn. Always in my heart, Tina McKee Reed and Family

I had the pleasure of working with Paula for many years. She always put our customers first, making sure shipments were delivered on-time. More importantly though, she was a fantastic human being and a hoot to work with. Plus, I could always check the Publix sales ad that was on the shelf above her workstation! Thanks for being genuine in everything you did Paula. Heaven just got a great new addition. Gonna miss you.....

Paula was a fantastic friend and co-worker. I do believe she would give the clothes off her back for anyone in need. She will certainly be missed by everyone that had the blessing to work with her. God Speed, Paula. You'll have those angels shaped up and acting right in no time at all! ❤️
