The photo with Mr. Shutt and Mr. Wallace is from JFK Middle School ~1974. I had the opportunity to be in their class and then be a lab helper. We went on multiple trips to Otter Springs looking for fossils. I saw Mr Wallace only a couple of years ago at a restaurant at lunch and we both immediately recognized each other. I will always remember them and putting Mr. Wallace's suit jacket on the classroom life-size skeleton and pushing the skeleton down the hall in front of the other classroom's windows.

My earliest memories of Bill were the initial meetings of the Clearwater historical Society! In the Plumb House, " Before South Ward School"! He was always our go to person if we needed anything done! Bringing boards displaying pictures of the history of Clearwater and setting them up at every meeting and especially at the fish fries, which were then held twice a year! He was fun and very smart and a friend to everyone. We were all proud of our history in Clearwater as I graduated in the class of 1952. Bill was an outstanding human being in every way. He will be sorely missed ! Lou AnnTaylor Nash .
