This is a summary of our dad's 94 years of life:

Dad was an Army Veteran, (1948-1952). He was stationed in Tokyo, Japan and remained there when the Korean War started in 1950. He was assigned to the Post Engineers which were responsible for the maintenance of military housing and office buildings during the occupation of Japan. Dad received several medals for service and conduct in addition to letters of recommendation from his commanding officers. One of dad's most cherished memories of his time in the service was his friendship with a local resident. Dad was invited to his wedding and was the only "American" there. Another more "vivid" rather than cherished memory was when he was asked to report to his commanding officer, who then asked him to see the Post Chaplain. Dreading that he was going to get bad news, he rushed to the Chaplain's office. He did get bad news. His mother was not happy with his response time to the letters she had written to him and sent a letter to his C.O. Dad's response time greatly improved from then on. In 1952, he was discharged and relocated to Alabama. (His mother's home state.)

Once settled in Mobile, he enrolled in a business school where he met our mom, Jane Clark. Dad proposed to mom in December of 1954 at Christmastime. Mom jokes that he was smart to cover an engagement and a Christmas present with one purchase. Shortly thereafter, mom took dad to meet her parents. All my grandparents knew was that he was from Boston and not a Baptist. Mom told them he was an Episcopalian, which my grandparents weren't sure was an ethnic group or a religion. Finally they asked if Episcopalians believed in Jesus, when dad responded with an enthusiastic YES, he was given permission to marry their daughter. Mom and dad married on June 25th 1955, at St. John's Episcopal Church in Mobile and lived in Mobile where dad found civilian employment at Brookley AFB. In the mid-1960's, Brookley was scheduled to be closed. In 1966, dad was offered an opportunity with the U.S. Department of Defense Contract Management in California or Florida. It was an easy decision. Both mom and dad wanted to be close enough to family in Alabama to visit often. Dad worked for The Government for 38 years before retiring in 1987. In 1988 he took a part-time job with Gulf Aerospace, a local defense contractor. Dad was with Gulf for 23 years.

Dad was a long-time member of the Episcopal Church of the Ascension where he was an usher and a member of the Welcome Guild. George enjoyed golf and was a member of Clearwater Country Club. He was also a member of the American Legion, Post 7.

Mom and dad have been blessed with friends and family and friends that are more like family. Each of you contributed to amazing memories and experiences. We are so thankful. Last but not least, we have been fortunate to have the help of amazing doctors, nurses and caregivers. A special thank you to Megan and Carrie: Megan, for staying in touch and the care you gave dad. Carrie, without you, we would not have been able to keep dad comfortably at home. Dad trusted and loved you both. We are truly blessed and thankful to all of you.

Dad loved family legacy and our connection to a rural Alabama cemetery where our ancestors are buried, a country church named after our family, and a historical society museum where the Clark Family Log Cabin (mom's family) is located. A donation would be appreciated in lieu of flowers.

"Papa George", how very much you will be missed. From the moment I met you I quickly realized how special you are and how much love you have for your family and friends. Your sense of humor is one of many favorite things about you. Always so quick on your feet even when your feet were slowing down! I especially appreciate you welcoming us into the family and "adopting" us. You have had such a long and wonderful life with so much love from your family. Heaven gained an awesome and loving angel and we all know you are watching over all of us. Heavenly Hugs to you ❤️ RIP. With Love, Kathy
