I have known Joe for about 20 some years since I retired and he became My Humana Insurance agent! I just found out just recently of his passing as I was getting ready to do my renewal of my insurance is mailbox is full so I reached out for a friend that worked with him years ago and she told me he's passed away I am so saddened by the loss of such a wonderful gentle human being! I'm sure his family is wrecked with sarah! I never did get to know them I only knew Joe basically to the telephone! We did meet several times 20 years ago maybe when I first started My Humana. My deepest condolences to his wife and his family and his grandkids my friend Christy spoke of his family highly over the years that she worked with him that's how I got to know him through her! Once again my deepest condolences as I said here in tears I'm sorry to be so late but I just found out when I went to redo my Medicare and Humana

I worked for Joe at his insurance agency from 2006 until he retired. In those 12 years, all 3 of his boys got married and the grandkids started coming along. He loved being a father but I think he loved being a grandfather even more. He often spoke of his sons with pride and his grandkids with love, and when he spoke of his wife, Lauren, his eyes just lit up with adoration. My heart hurts for her and the Paolillo family. I hope you all can find comfort in your memories, faith and family. I am forever grateful to have known Joe. He was a great boss and a caring friend.

Words cannot express the pain of losing my wonderful brother. He was the clam in storm, the shoulder to lean on and always a bright light in our family. Our lives will never be the same without him, but what a gift to have had him in our lives. Miss you always, Patty, Brian and the kids

Joe was more than my best friend, he was my brother. He took me under his wing when I first started with Prudential and helped me through those early years. Joe was a compassionate man, husband and father. Over the years we shared so many great times, family gatherings, playing golf or just having a cigar. I will miss you my friend and brother. God Bless Lauren and the boys and their families. 🙏

In the 20 years I've known Joe, I came to see him as one of the kindest and most genuine people I've ever met. He was always calm, thoughtful, and deeply respected by everyone around him. He was a good friend, an incredible father, and a devoted husband. I'll always remember his generosity, and the way he made people feel truly seen and valued. I truly adored him, and I feel lucky to have known him. Photo: Just another day in the office with Joe — He never needed to say much—his presence spoke volumes, and everyone around him felt it. He was so easy to admire. My deepest condolences to Joe's family. I hope you find comfort in knowing how deeply he was respected, admired, and loved by those who had the privilege of knowing him.

I remember speaking with Joe Sr when we worked at Humana together in the first couple of years I wanted to quit every other day. He gave me guidance and told me to stick it out it's worth it. He was a great mentor to me and the real stand-up guy with incredible character. One funny story is he asked me if I ate yet? However I didn't understand what he said because when he asked me he said, "Jeetjet?". Of course he had that typical grin on his face knowing he was messing with me. Going to miss having my yearly cigar down in Redington Beach. God bless, you will be missed dearly. Thank you for the great advice
